SO FLEXIBLE.
SO POWERFUL. SO FAST.

SO FLEXIBLE.

Discover a form for every function with Miele's unique design of three cordless modes in one vacuum.

TRIFLEX

3ⁱⁿ¹
INNOVATION

EFFORTLESS DEEP CLEANING.

The adjustable PowerUnit at the bottom provides a lighter feel, with the weight close to the ground and not in your hand. Combined with the extra-wide electrobrush, Comfort mode makes cleaning large areas feel effortless.

MAXIMUM REACH.

For hard-to-reach places, setting the PowerUnit at the top of the vacuum makes lifting and maneuvering the Triflex HX1 a breeze. In Reach mode, you can easily clean ceiling corners and underneath low furniture.

EASY HANDLING.

In Compact mode, the Triflex HX1 offers easy handling, ideal for quick clean-ups and tight spaces.

SO POWERFUL.

Triflex HX1's Vortex technology, combined with the powerful electrobrush, offers extreme suction as strong as Miele's most powerful corded vacuum series.¹ You can rely on the HEPA² filter to remove all fine dust and dirt particles.

¹ Cleaning performance compared to a Miele canister vacuum cleaner Complete C3 (SGEF3) with Turbobrush STB 305-3. According to IEC62885-2.

² Triflex HX1 Pro and Cat&Dog in accordance with EN 1822/2011.

EXTRA-WIDE
11 in

SO FAST.

The extra-wide electrobrush means you can cover more ground in less time – without compromising on performance. It automatically adapts to all floor types, so you can experience faster deep cleaning on every surface.

NO CORD. NO COMPROMISE.

Our VARTA Li-Ion battery offers up to 60 minutes¹ of cleaning per charge. The Pro model includes an additional battery for a run time of up to 120 minutes² for conquering large spaces. Plus, with an extra charging unit you'll always be charged and ready to go.
